

## **EU Declaration of Conformity**

| Product Code        | 332-012   |
|---------------------|---|
| Product Description | Excel Enbeam OS2 G.657.A1 Fibre Cable Multi Loose Tube 12<br>Core HDPE Fca Black                        |
| Manufacturer        | Mayflex UK Limited  |
| Address             | Excel House - Junction Six Industrial Park<br>Electric Avenue<br>Birmingham<br>B6 7JJ<br>United Kingdom |

This declaration is issued under the sole responsibility of the manufacturer

| Harmonised Standards and Technical Specification |  |  |
|--|--|--|
| IEC 60332-1-2:2004                               | Tests on electric and optical fibre cables under fire<br>conditions. Test for vertical flame propagation for a<br>single insulated wire or cable. Procedure for 1 kW pre-<br>mixed flame |  |
| IEC 60754-2:2014+A1:2020                         | Test on gases evolved during combustion of materials<br>from cables - Part 2: Determination of acidity (by pH<br>measurement) and conductivity   |  |
| IEC 61034-2:2005+A2:2020                         | Measurement of smoke density of cables burning<br>under defined conditions – Part 2: Test procedure and<br>requirements  |  |
| IEC 60793-1-1:2022                               | Optical fibres - Part 1-1: Measurement methods and test procedures - General and guidance  |  |
| IEC 60793-1-20:2014                              | Optical fibres - Part 1-20: Measurement methods and test procedures - Fibre geometry   |  |
| IEC 60793-1-21:2001                              | Optical fibres - Part 1-21: Measurement methods and test procedures - Coating geometry   |  |
| IEC 60793-1-22:2001                              | Optical fibres - Part 1-22: Measurement methods and test procedures - Length measurement   |  |
| IEC 60793-1-30:2010                              | Optical fibres - Part 1-30: Measurement methods and test procedures - Fibre proof test   |  |
| ITU G.652.D                                      | Characteristics of a single-mode optical fibre and cable   |  |
| EN 50173-1:2018                                  | Information technology. Generic cabling systems -<br>General requirements  |  |
| EN 50575: 2014 + A1: 2016                        | Power, control and communication cables — Cables<br>for general applications in construction works subject<br>to reaction to fire requirements   |  |
| EN 50399:2011+A1:2016                            | Common test methods for cables under fire<br>conditions. Heat release and smoke production<br>measurement on cables during flame spread test. Test<br>apparatus, procedures, results     |  |
| ISO/IEC 11801-1:2017                             | Information technology - Generic cabling for customer premises: Part 1 General Requirements  |  |
| ANSI/TIA 568-3.D                                 | Optical Fiber Cabling and Components Standard  |  |
| ANSI/TIA/EIA 598-D                               | Optical Fibre Cable Colour Coding  |  |
| RoHS-II/-III (2011/65/EU & 2015/863): 2023       | Our products, demonstrate full adherence to the regulatory stipulations of the EU Directive 2011/65/EU (RoHS-II) and its corresponding delegated directive 2015/863 (RoHS-III).          |  |
| WFD: 2023  | Compliant to Waste Framework Directive   |  |

## **EU Declaration of Conformity**

| SCIP: 2023             | Compliant - Does Not Contain Substances of Concern<br>In articles as such or in complex objects (Products) |
|------------------------|--|
| POPs (EU) No 2019/1021 | EU Regulation for the restriction of Persistent Organic Pollutants.  |

The goods detailed here have been produced from an approved supplier to this company and manufactured in accordance with the standards and technical descriptions/specifications detailed above.

They have been stored under suitable conditions, not used, modified or repaired and have been subjected to our own quality control system requirements.
