

Excel 6C Angled Shutter For Keystone Jack - White

Item Code: 100-022

excel
without compromise.

✕ Choice of colours

✕ 22x37mm flat shutter

✕ Compatible with a range of faceplates

✕ With labelling field

✕ Fits industry standard Lj6C apertures

Product Overview

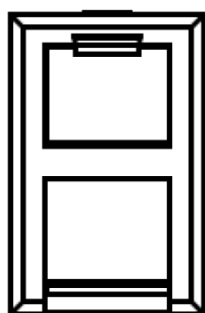

A range of mounting options are available for the Excel Keystone Tool-less Jacks that allow them to be installed in a number of situations. This flexibility results in the ability to have the same jacks terminating the cable in the patch panel and at the outlet. The angled design optimises space whilst ensuring minimal stress to installed cables

The shutters are available in the Euromod 25 x 50mm and the 6C (Lj6C) 22.5 x 37mm sizes. Both come with windows and labels fitted to complete the installation. Blanking plates available in half and single size are available in the Euromod size to configure single or triple outlets.
