CIBSE TM65 Embodied Carbon: 2.286 kg CO2e

Main Features

/ Compatible with Excel Category 5e, 6 & 6A Screened and Unscreened Keystone Jacks

/ Angled "V" Shape Patch Panel

/ Cage nuts sold separately

/ Ideal for standard and pre-terminated installations

/ Supplied with earthing kit

/ 25 Year system warranty

Product Overview

The Excel 24 Port 1U Keystone V Patch Panel allows standard keystone jacks to be presented in an angled patch panel configuration. The patch panel is designed to accept all of the Excel unscreened and screened standard keystone jacks from the Category 5e, 6 & 6A portfolios.

This panel includes a rear cable manager to allow the cable to be dressed into the panel neatly and securely. The V shape of the panel presents the jacks at an angle to the front of the cabinet that reduces the strain on the jack that results from the patch lead. The patch lead is naturally routed to the cabinet/frame cable management reducing the requirement for rack mounted cable management bars.
