Product Overview

Excel Category 5e 3 in 1 sets (3 shuttered RJ45 modules complete with bevelled single gang faceplates) offer the ultimate in flexibility, space utilisation and ease of installation.

The unique design means that you only load shuttered outlets as required, any capacity within the plate which is required for a later date is simply blanked off, providing a neat and easy to use completed installation. Individual port labelling is also quick and easy with standard Excel outlet slide in fields incorporated into the design.
