## Main Features

- / Category 5e
- / LSA compatible IDC
- / Supports Gigabit Ethernet
- / High Density Design
- / Individual port slide labelling system
- / 25 Year system warranty

## Product Overview

Excel Category 5e 3 in 1 sets (3 shuttered RJ45 modules complete with bevelled single gang faceplates) offer the ultimate in flexibility, space utilisation and ease of installation.

The unique design means that you only load shuttered outlets as required, any capacity within the plate which is required for a later date is simply blanked off, providing a neat and easy to use completed installation. Individual port labelling is also quick and easy with standard Excel outlet slide in fields incorporated into the design.

## Product Specifications

| Feature                                  | Values    |
|--|-----------|
| Surface mounted                          | yes       |
| Flush-mounted installation               | yes       |
| Type of fastening                        | Screwing  |
| Type of connector                        | RJ45 8(8) |
| With outlets / modules                   | yes       |
| Suitable for number of outlets / modules | 3         |
| Category                                 | 5E        |
| Colour                                   | White     |
| RAL-number                               | 9016      |
| Connection type                          | LSA       |
| Shielded housing                         | no        |
| With label space                         | yes       |
| Colour coding                            | yes       |
| Width of device                          | 85 mm     |
| Height of device                         | 85 mm     |
