

Excel 24 Port Screened Keystone Patch Panel  
Coloured ID Ports Frame 1U Silver

Item Code: 100-775

- Suitable for all categories of keystones
- Covered screened or unscreened
- Seperate port coloured inserts available
- Earth kit, cage nuts included
- Fast fit rear cable management

Product Overview

Excel keystone jack patch panel frames are available for mounting the range of screened and unscreened Excel toolless keystone jacks. This particular panel allows for fitting of coloured port ID rings to identify which ports support a particular system. The plastic rings are available as separate part codes in red, blue, green or yellow in packs of 6 as part codes 100-775-001 to 004.

A rear management tray with purposely designed cable tie positions, is supplied with each panel which is fitted without the need for any tools or fixings by simply snapping it into place.
