

✗ 24 copper ports

✗ Integrated cable tie point

✗ Toolless installation

Product Overview

The Excel 24 port overhead tray consolidation point has been designed to allow 24 LJ6C modules to be installed onto standards basket tray allowing up to 24 connections to be installed above cabinets or anywhere along the containment run where extra points are needed. The unique locking mechanism allows the unit to be fitted / moved easily. The frame hooks onto the basket tray and the two push button plungers hold the frame in position.
