without compromise.

✕ Category 6A compliant

✕ Solid core cable

✕ For switch/harness links and CP cables

✕ LSOH outer sheath

✕ Euroclass: B2ca-s1a,d1,a1

Product Overview

Excel Category 6A solid core (F/FTP) Zone screened harness/switch link leads are constructed from 190-982 Excel solid 26AWG Cat6A cable F/FTP LSOH screened cable ice blue (horizontal cable). Each of these leads allows the construction of two switch/harness links or Consolidation Point (CP) cables.

The lead is manufactured with a high performance screened RJ45 plug on each end permitting the lead to be cut into two at the required lengths. Slimline blade strain relief boots are fitted to protect the latch and allow connection to the highest density equipment.

Using the same cable as the horizontal elements of the channel assures performance and does not "use up" the stranded patch lead allowance. These leads are for the creation of switch/harness links and CP cables.

They are not for use as a replacement for patch leads.
