without compromise.

G.657.A1 Compliant

100% Optical Test

Batch Number Tracking

White 900 micron 9/125 cable

Choice of length

Each cable is individually packaged and labelled

Compatible with OS2 (G.652.D)

## Product Overview

Excel fibre optic pigtailed are manufactured from the highest quality 900 micron G.657.A1 optical fibre, terminated with ceramic ferrule connectors of various types. This offers a bend insensitive fibre that is fast to prepare and ideal for installations with limited space. G.657.A1 is fully compatible with G.652.D and meets OS2 Category performance. Cable preparation, termination and testing is carried out to strictly managed procedures in an Excel approved, ISO9001 registered manufacturing facility.

Each pigtail has a strain relief boot to prolong and maintain performance levels of the assembly. A short distance from the connector a label containing a unique batch number is fixed to cable for quality and traceability purposes.
