Additional specifications

Features	Values
Abrasive Type	**Aluminium Oxide**
Backing Material	**Polyester Film**
Sheet Thickness	**3 mil**
Sheet Size	**250mm x 280mm**
Colour - 0.3 micron	**White**
Colour - 1 micron	**Light Green**
Colour - 3 micron	**Pink**
Colour - 5 micron	**Brown**
Colour - 9 micron	**Blue**
Colour - 12 micron	**Yellow**
Colour - 30 micron	**Green**

Part Code Table

Part Code	Description
200-864	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 0.3µm White**
200-866	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 1µm Light Green**
200-868	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 3µm Pink**
200-870	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 5µm Brown**
200-872	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 9µm Blue**
200-874	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 12µm Yellow**

This data sheet was generated at 2:36am 26th November 2026 and is subject to change at any time.

200-876	**Excel Enbeam Fibre Optic Polishing Film Aluminium Oxide 30µm Green**

This data sheet was generated at 2:36am 26th November 2026 and is subject to change at any time.
