Product Overview

The Excel 4 Port MTP ExpressNet modules are fitted with MTP adapters and allow the incoming trunk cable to be presented into the module through the open back of the module and secured with a cable tie on the inside. After the trunk cables are connected, the module can be simply fitted to one of the compatible Excel ExpressNet Patch Panels permitting different categories of Fibre and Copper to be presented on the same panel without interference. The modules are easily fitted and removed from the rear of the patch panel by activating the release latches.
