

ST Singlemode Hot Melt Connector, Yellow boot

Item Code: 203-010

✕ Quick, clean and easy to use, terminated in less than 4 minutes

✕ Consistent high performance

✕ Choice of connector types

✕ Wide range of accessories

Product Overview

The 3M Hot Melt termination system is renowned worldwide for its consistency, ease of use and high performance. A wide range of connectors are available each pre loaded with adhesive which is activated when inserted into the specifically designed Hot Melt ovens.

Users new to fibre termination may purchase a kit which contains both cable preparation tools as well as the Hot Melt specific accessories such as the oven and connector holders - used to position the connector within the oven. Those users with fibre preparation tools need only purchase a Hot Melt conversion kit which contains all of the Hot Melt specific equipment required to start using this industry leading termination method.

Product Specifications

Feature	Values
Model	Connector
Suitable for type of fibre	Single mode
Type of connector	ST
Connection type	adhere (glue)
Colour	Yellow

ST Singlemode Hot Melt Connector, Yellow boot

Item Code: 203-010
