

Item Code: 205-342

X Duct grade - rodent resistant
 X Sequentially metre marked
 X UV Resistant
 X Cut to length service
 X 25 Year system warranty

#### **Product Overview**

Excel steel wire (SWA) OM1 62.5/125µm armoured loose tube optical fibre cables have been designed specifically for direct burial and the most demanding of installations.

X Euroclass Eca

These cables are constructed from standard single loose tube cables which are then packed into a flexible but strong fibreglass water blocking strength member. An internal sheath of material is then applied, a rip cord is inserted under this sheath to ease cable stripping. Lengths of steel wire armouring are then applied and an oversheath is added.

The print legend on the cable now includes information regarding the DOP number, Test and Classification of the cable for traceability.

#### **Product Specifications**

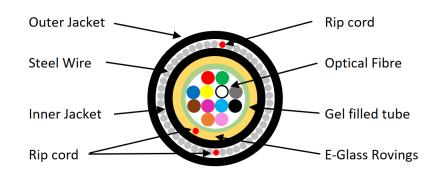

Feature	Values
Number of Cores	8
Type of tube	Loose tube
Number of fibres per tube	8
Fibre type	Multi mode 62.5/125
Category	OM1
Rodent resistant	yes
Outer sheath material	Copolymer, thermoplastic (LS0H)
Outer sheath colour	Black

Item Code: 205-342

Longitudinal water blocking cable	yes
Flame retardant according to IEC 60332-1-2	yes
Reaction-to-fire class according to EN 13501-6	Eca
Outer diameter approx.	10.5 mm

### **Cross-section diagram**

### Colour coding (as per TIA-598-C)

For fibre core counts above 12 the colour sequence is repeated with the addition of a mark every 70mm for cores 13-24 and two marks for 25-36 and so on.

#### **Cable specifications**

Features		Values
Tensile Strength		3000 N
Crush Resistance		1500 N/m
Torsion		± 180 °
Temperature performance	Installation	-30°C to +70°C
	Operation	-30°C to +70°C

Item Code: 205-342
