Product Overview

Enbeam OM4 Multimode SWA Direct Burial Fibre Optic Cable Loose Tube 12 Core 50/125 Eca Black.
Excel steel wire (SWA) OM4 50/125µm armoured loose tube optical fibre cables have been designed specifically for direct burial and the most demanding of installations.

These cables are constructed from standard single loose tube cables which are then packed into a flexible but strong fibreglass water blocking strength member.

An internal sheath with a rip cord is inserted with lengths of steel wire armouring over the top and then an oversheath is added providing a strong but flexible cable assembly.
