- ✕ 1U
- ✕ Multiple cable entry ports
- ✕ 25 Year system warranty

### Product Overview

Excelerator 1U MTP Through Coupler Patch Panel offers offers housing for up to 12 US Connec MTP Through Couplers.

The patch panel is supplied empty, with the MTP coupler positions fitted with blank caps. It is supplied empty so that only the required number of MTP Through Couplers have to be installed on "day one" and allow for future expansion.

The patch panel is slide opening to gain access during installation. Incoming trunk cables, that have mutiple MTP connectors, are fitted with stuffing glands. The panel has multiple, "key hole" shape, apertures to accommodate the attachment of the stuffing gland. The 12 positions, when full, results in this panel supporting the connection of up to 144 cores of optical fibre.
