

# Excel Enbeam Single External 14/10mm Blowing Tube Green

Item Code: 208-766

✕ Direct-bury

✕ HDPE sheath

✕ Multiple sizes available

✕ Multiple bundle configurations

✕ Crush and impact resistant

✕ RoHS Compliant

## Product Overview

Enbeam direct bury blowing tubes have been designed for direct burial to allow blown fibre to be distributed externally where there are no existing ducts available. All tube bundles are over-sheathed with High Density Polyethylene (HDPE) to withstand the friction when installing the micro ducts. All internal tubes are colour coded for easy identification and have a low friction inner coating to reduce drag & maximise blowing distances and have a thicker internal wall to withstand the environment when direct buried.

Tubes are easily broken out of the main sheath and can be branched-off using the Enbeam push-fit blown tube connectors. The tubes are supplied on disposable wooden drums and capped at both ends to prevent ingress of moisture or contamination.

## Product Specifications

Feature	Values
Suitable for	Outdoor
Halogen free	no
Outer sheath colour	Green

## Additional specifications

Features	Values
Sheath material	HDPE
Pressure	burst
