

## **Product Overview**

Enbeam direct bury blowing tubes have been designed for direct burial to allow blown fibre to be distributed externally where there are no existing ducts available. All tube bundles are over-sheathed with High Density Polyethylene (HDPE) to withstand the friction when installing the micro ducts. All internal tubes are colour coded for easy identification and have a low friction inner coating to reduce drag & maximise blowing distances and have a thicker internal wall to withstand the environment when direct buried.

Tubes are easily broken out of the main sheath and can be branched-off using the Enbeam push-fit blown tube connectors. The tubes are supplied on disposable wooden drums and capped at both ends to prevent ingress of moisture or contamination.

## **Product Specifications**

Feature	Values
Suitable for	Outdoor
Halogen free	no
Outer sheath colour	Green

## **Part Number Table**

	Part Number	Description
	208-786	Excel Enbeam Single External 18/14 mm Blowing Tube Green
	208-787	Excel Enbeam 2 Way External 18/14 mm Blowing Tube Green
_	208-788	Excel Enbeam 4 Way External 18/14 mm Blowing Tube Green

Excel is a world class premium performing end to end infrastructure solution designed, Manufactured, supported and delivered without compromise.
