

Excel Enbeam Blown Fibre Tube Reducer 5 mm to 3 mm

Item Code: 208-826

✕ Reducer

✕ Multiple sizes available

✕ Locking clips included

✕ 25-year system warranty

Product Overview

The Enbeam Push-Fit micro duct reducers are designed for use with the Enbeam blown fibre micro duct system and used to reduce the size of micro duct down to a smaller diameter tube as required. All push fit connectors are made from a clear transparent body, which gives the ability to visually inspect the installed cable and that the tubes are installed and aligned correctly.

Pre-installed locking clips are included on each end of the reducer to ensure tubes are locked into position ensuring a good connection is retained during the blowing process. Each connector can withstand up to 1 Joule of impact pressure and be reused if required. It is advisable to keep the connectors away from direct sunlight.
