Excel Enbeam 120 mm Bend Radius Trumpet End I SOH

Item Code: 460-020

X Flan	ne-retardant	ABS ma	terial
--------	--------------	--------	--------

X LS0H

Extremely adaptable, will evolve to suit this demanding market

X Easy to assemble

X Fast installation, minimum labour

Choice of width: 120/240 mm

Product Overview

Enbeam Yellow Duct System: Piecing together in individual segments, Excel's duct trunking system is flexible and suitable for an endless array of installations. A range of unique trunking segments in a variety of bend radii and lengths connect together in an infinite number of ways, allowing users to create a fibre storage solution that is fit for purpose.

As each segment of trunking is a standalone piece of plastic, users can simply remove the section of the cover that they need and make changes to the installation without having to disrupt the whole system, which increases the durability and longevity of the system overall. The system is fully enclosed, protecting the fibre from dirt and dust.

Knowing that cleanliness is one of the most important factors when installing fibre optic cable, the fact that this trunking system helps to limit the contamination to the fibre makes it a strong contender for users choosing a trunking option.

Excel Enbeam 120 mm Bend Radius Trumpet End LSOH

exce without compromise.

Item Code: 460-020

460-052	Excel Enbeam 240 mm to 120 mm Connector Cover LSOH
460-053	Excel Enbeam 120 mm Hanging Set
460-054	Excel Enbeam 240 mm Hanging Set
460-055	Excel Enbeam 120 mm L Bracket Support
460-056	Excel Enbeam 240 mm L Bracket Support

Excel is a world class premium performing end to end infrastructure solution designed, Manufactured, supported and delivered without compromise.
