Main Features

/ Choice of size

/ Compatible with Environ CR/ER/SR floor standing racks

/ Multiple cable tie fixing methods

/ Choice of colours

/ Supplied in packs of 2

/ Side wall return - 15mm

Product Overview

Environ Cable Tray is commonly used to support and manage cabling within a data rack, the ventilated tray has a stamp profile of various size and shape openings which allows for air flow circulation around the cabling and easy fitting of different size cable straps and cable bundles.

Cables can be secured to the tray using either plastic or velcro cable straps, the profile design of the tray makes it easy to ensure that fixing can be achieved wherever needed.
