without compromise.

✕ Choice of depths

✕ Available in Grey White and Black

✕ Perforated design

✕ 25 Years system warranty

✕ CIBSE TM65 Embodied Carbon: 10.446 kg CO2e

## Product Overview

Environ Cantilever Shelves can be used to support both active and non-active data equipment within the rack that is not 19" rack mountable, these shelves are fitted to the front 19" profiles using M6 hardware and are vented which allows for air circulation around the equipment.

This shelf is commonly deployed in wall racks but can also be used in floor standing racks, universal fitting allows them to be used in a wide range of racks. The shelf allows for fitting of equipment in situations where one set of profiles have already been used for existing equipment.
