CIBSE TM65 Embodied Carbon:32.741 kg CO2e

Main Features

/ Adjustable mounting depth option

/ Perforated design

/ CIBSE TM65 Embodied Carbon:32.741 kg CO2e

/ Available in Grey White and Black

/ 25 Year system warranty

Product Overview

The Environ Depth Adjustable Shelf can be used to support both active and non-active data equipment within the rack that is not 19" rack-mountable. The adjustable shelf can be used to support equipment from any industry to create the desired solution.

Installation is achieved by attaching to both the front and rear 19" profiles using M6 hardware, the shelf is vented which allows for air circulation around the equipment. The design of the shelf has an extremely large range of mounting depths which allows it to be placed in a wide range of racks and fitted at depths dictated by server and switch deployments.
