Product Overview

Excel 47U Environ Vertical brush strip cable management assembly for SR series Environ racks.

The unit offers the ability to close off the space between the 19" profiles down the side of a rack and side panels, whilst still allowing cables to run through the rack from back to front / front to back.

This Data Centre centric product helps installations become more efficient in managing air flow and heat dissipation within a rack. Making the unit ideal for facility that are deploying aisle containment systems.
