

Environ CL600 47U Co-Location Rack 600x1000mm (4 Compartments) Vented (F) Vented (R) B/Panels R...

Item Code: 545-4761-4C-VVBM-GW-FP

Choice of 2 or 4 compartments

Jacking feet included

Heavy duty lockable casters included

19" profiles marked with U height position

Top and Bottom cable entry to each compartment

Cable entry secure to each compartment

Baying kit included

Product Overview

The Environ CL series of multicompartment floor standing racks are designed for co-location installations and applications that require enhanced levels of access security. The range is based on the proven and popular ER series chassis and is available in a 42U or 47U heights, 600mm or 800mm wide, grey white or black and a choice of 2 or 4 compartments. Each compartment is created by the use of a full depth dividing panel which runs from front to rear of the rack providing both separation and a mounting shelf if so desired. Within each compartment are front and rear adjustable equipment mounting rails.

As standard front and rear doors are vented mesh and each are fitted with swing handles fitted with both a key and 3 digit combination lock. The entire range of Environ locking solutions is compatible with the CL series enabling customers to choose from digital key code or proximity card. To offer ultimate flexibility lock styles can be mixed within a rack in certain levels of security are desired for certain compartments either due to customer preference, or equipment stored within the compartment. Cable entry and exit routes are provided via a full height multi section containment system mounted centrally between the equipment mounting rails at the rear. The system is designed to allow complete segregation of cables between compartments. Entry and exit points are located in both the roof and base and are protected by brush strip covers.

Product Specifications

Feature	Values
Mounting Profile	Front and rear
Type of profile rail	L-shaped

Environ CL600 47U Co-Location Rack 600x1000mm (4 Compartments) Vented (F) Vented (R) B/Panels R...

Item Code: 545-4761-4C-VVBM-GW-FP

Number of doors	8
Type of ventilation	Passive
Width	600 mm
Height	2230 mm
Depth	1000 mm
Modular spacing	19 inch
Number of rack units (RU)	47
Max. load capacity	600 kg
With roof plate	yes
With earthing	yes
With front door	yes
Front door material	Steel
Front door locking system	One point
With rear door	yes
Rear door material	Steel
Rear door locking system	One point
Side panels included	yes
With vertical cable management	yes
Material	Steel
Type of surface	Powder coated
Colour	Grey White
RAL-number	9002
Flat-packed	yes
IP-rating	IP20
Application	Co-Location Rack

Additional specifications

Features	Values
Material	SPCC Cold Rolled Steel
19" Rails	2.0 mm thick
Side Panels	1.0 mm thick
Other	1.2 mm thick
