Product Overview

Elevate DCR Series with Vented Front Door, Double Vented Rear Doors, both side panels. The new Elevate data centre racks are a versatile range of 600 mm or 800 mm wide racks designed for the data centre market and based on our successful, market accepted Excel Rack design.

The new DCR series feature the same flexibility of options and configuration with higher airflow mesh doors, airflow management baffles at the front, finger style cable management and upgraded manual or optional electronic handles.

There is also improved cable access with full depth wide brush strips on the roof and additional large cutouts for 125 amp Power The network model also has cabinet to cabinet cable routing via side brush openings and multiple brush entry through the airflow management baffles and includes front cable management.
