Product Overview

These upgrade kits are available to enable an easy upgrade option to electronic handles on the DC range of racks. The kits include handles, actuators to connect to door rods, harness cables and adaptors. This kit also includes a kit of items to enable the Southco handle to connect with the Keypanion Bluetooth system, and all the required wiring to connect this to the Southco handle.

The kits use the Southco H3-EM-66 which and can be used for front or rear doors, on rear doors re-fit the door cam fitted on the original lock. The Keypanion system allows you to use the Keypanion App and control access to the Racks via Bluetooth connection from the Phone to the rack handle.
