- Pack of 2
- 25 years System Warranty
- Fits Standard, Modular & Intelligent PDUs
- 10 mm Recess
- CIBSE TM65 Embodied Carbon: 1.056 kg CO2e

Product Overview

Excel Power Distribution Unit mounting brackets offer additional fixing options of the Excel PDU range. A pair of brackets and fixings are used to recess the Excel PDU to give the maximum width for equipment.

The brackets can be fitted to all Excel vertical Standard, Modular and Intelligent PDUs and do not add to the overall height. The fixing positions are slotted for flexibility and maybe used to mount the PDU parallel to the side panels or in other orientations to suit the particular installation.
