

Excel Modular PDU 4x IEC320 C19 16A Socket

Item Code: 555-062

- Hot swappable modules
- Fused
- Aluminium housing
- Future-proof
- Choice of socket style and density

Product Overview

A range of socket modules for the Excel Modular PDUs which snap into the aluminum housing quickly, easily, and securely without the need for tooling.

The range of modules available enable users to mix and match socket styles to suit initial - and more importantly - changing connectivity or socket density requirements. Current 'standard' power distribution units offer little if any flexibility, meaning users have to install single style socket units, multiple units, or purchase power leads or converters to match equipment connectors with power strip sockets.

Product Specifications

| Feature | Values |
|------------------------------|------------|
| Mounting direction | Vertical |
| Electrical connection | Receptacle |
| Number of C19 socket outlets | 4 |
| Supply voltage | 250 V |
| Switchable | no |
| With LED indication | yes |
| With fuse | yes |
| Ammeter | no |
